SUMMARY

Computer Science student at ACGCET with hands-on experience building full-stack websites in React, Node.js, and MySQL. Worked on the college website used by 1,000+ students and built payment management features. Looking for a Software Developer role.

EDUCATION

B.E. Computer Science and Engineering Expected 2028
Alagappa Chettiar Government College of Engineering and Technology, Karaikudi (Anna University) | CGPA: 8.4/10

Higher Secondary Education 96%
Kamban Karpagam Matriculation Higher Secondary School, Karaikudi

SKILLS

Languages: Java, Python, C, JavaScript
Frontend: HTML5, CSS3, React.js, TanStack Query
Backend & Databases: Node.js, Express.js, MySQL, MongoDB
Tools & Cloud: AWS, Git, GitHub, VS Code
Core Concepts: Data Structures, Object-Oriented Programming

PROJECTS

ACGCET Website & PJC Fund Module | *React.js, TanStack Query, Node.js, Express.js, MySQL*

- Maintained the college website, adding IQAC monthly filtering, pagination, and bulletin automation.
- Helped publish academic results for 1,000+ students through the site.
- Built alumni and non-alumni dashboards for PJC fund payments, with installment tracking and admin approval.

ACCET Connect | *React.js, Node.js, Express.js, MySQL*

- Built a platform where students and alumni connect across departments and batches.
- Added project showcasing, mentorship, and resource sharing.

VoiceGuard AI | *Python, FastAPI, PyTorch, WebSockets*

- Built a real-time system that flags AI-cloned voices on live calls, using a CNN trained on Mel-spectrograms.
- Streams audio over WebSockets and logs each call's risk score and status.

MockMate | *React.js, Node.js, MongoDB, LLM APIs, RAG*

- Built an interview practice app covering aptitude, technical, and HR rounds, plus voice-based mock interviews.
- Uses an LLM to write questions, evaluate answers, and ask follow-ups; RAG supplies study material.

ACHIEVEMENTS & LEADERSHIP

- Won 1st place in the Paper Presentation at the CSE Symposium.
- ISTE Coordinator, ACGCET: coordinated student events and helped organize a technical symposium.
